There were no substantive actions arising and no other points were raised.

5. Local Transport Fund (LTF)

(1) <u>Metro Plus Phases 1, 2 and MEF Corridors & CVL Enhancements</u>
Roger Waters introduced the report and provided a brief update on the background. He noted his thanks to Alun Evans and Clare Cameron for bringing projects together and allocate funding equitably. Roger said that Pontypool & New Inn was up to the limit of the funding envelopes available; Kellie Beirne had discussed with Torfaen CBC regarding underwriting the balance and there was a significant development site adjacent to the proposal which would gain substantial benefit. There was a significant Section 106 contribution which would come in due course from Torfaen CBC.

(2) Cllr Pratt confirmed they would be submitting a new application for a new station at Magor.

(3) Cllr King indicated that some additional support would be appreciated regarding the installation of ebikes at Cogan Railway Station; Cllr David agreed to discuss this further outside the meeting. Geoff Ogden was aware of the challenges and would follow up with travel lead Matthew Gilbert.

(4) Cllr David thanked Merthyr Tydfil CBC for acting as Lead Authority. The motion to accept the recommendations of the report was moved by Cllr Thomas and seconded by Cllr Sean Morgan.

(5) It was resolved that the CCR Transport Authority

(1) noted the significant allocation of LTF in the sum of £5m from Welsh Government to Merthyr Tydfil County Borough Council as Lead Authority towards development and delivery of the following regional programmes: Metro Plus Phase 1, Metro Plus Phase 2, MEF Corridors and CVL enhancements and the indicative allocations set out at appendix B;

(2) noted the City Deal allocation to develop and deliver Metro Plus Phase 1 for the 2020/21 financial year, also identified in Appendix B.

6. Ultra Low Emissions Vehicles (ULEV) Transformation Fund – Local Transport Fund (LTF) 2020/21

(1) Roger Waters introduced the report. Further funding could be made available and would require initial liaison with Western Power Distribution (WPD) although sites would need to be scoped out to bring sufficient power. The WPD project would determine how they reacted and dictate the prioritisation of sites. Roger Waters said that £6m was allocated to complete the bus station at Merthyr Tydfil; an additional £100k was awarded to provide a bus charging point. In terms of managing the project, it was proposed that an officer be seconded into the City Deal office to manage the work package as a project manager as it required specialist resource.

(2) The Board discussed the issues, in particular around the impact on taxi firms from consequences arising from the COVID-19 pandemic. Roger Waters confirmed that they had applied to the ULEV Transformation Fund to incentivise taxi operators to switch their vehicles to electric through subsidies; however, the funding has not been awarded to date as it is intended that any incentivisation be delivered on a national level through a single back office function. It was agreed that it would be helpful to speak to Welsh Government further about this.

7. Metro Central Update

(1) Kellie Beirne introduced the report. The Office of the City Deal had worked with Welsh Government and Transport for Wales to co-develop the brief around the programme-level business case. She confirmed that the CCR Regional Cabinet had agreed up to £4m in contribution to a programme-level business case which would be important for the whole region. PA Consulting and Deloitte had been commissioned to look at the commercial and economic potential and benefits for the wider region.

(2) Cllr David thanked Kellie Beirne for her report.

Roedd cyfraniad adran 106 sylweddol a fyddai'n dod maes o law gan CBS Torfaen.

(7) Cadarnhaodd y Cynghorydd Pratt y byddai'n cyflwyno cais newydd ar gyfer gorsaf newydd ym Magwyr.

(8) Nododd y Cynghorydd King y byddai rhywfaint o gymorth

CAM GWEITHREDU

ychwanegol yn cael ei werthfawrogi o ran gosod e-feiciau yng ngorsaf reilffordd Cogan; Cytunodd y Cynghorydd David i drafod hyn ymhellach y tu allan i'r cyfarfod. Roedd Geoff Ogden yn ymwybodol o'r heriau a byddai'n cysylltu â'r Arweinydd Teithio Matthew Gilbert i drafod hyn ymhellach.

(10) Penderfynwyd bod Awdurdod Trafnidiaeth P-CR

(3) wedi nodi'r dyraniad sylweddol o CTL o swm o £5 miliwn gan Lywodraeth Cymru i Gyngor Bwrdeistref Sirol Merthyr Tudful fel yr awdurdod arweiniol tuag at ddatblygu a chyflawni'r rhaglenni rhanbarthol canlynol: Cam 1 Metro+, Cam 2 Metro+, Coridorau MEF a Gwelliannau CVL a dyraniadau dangosol a nodwyd yn atodiad B;

13. Cronfa Gweddnewid Cerbydau Allyriadau Isel Iawn (ULEV) - y Gronfa Trafnidiaeth Leol (CTL) 2020/21

(5) Cyflwynodd Roger Waters yr adroddiad. Gallai cyllid pellach fod ar gael a byddai angen cyswllt cychwynnol â Western Power Distribution (WPD) er y byddai angen cwmpasu safleoedd i ddod â digon o bŵer. Byddai prosiect WPD yn pennu sut y byddent yn ymateb ac yn pennu blaenoriaethau'r safleoedd. Dywedodd Roger Waters fod £6 miliwn wedi'i ddyrannu i gwblhau'r orsaf fysus ym Merthyr Tudful; dyfarnwyd £100,000 yn ychwanegol i ddarparu pwynt gwefru bysus. i'r Gronfa Gweddnewid ULEV i gymell gweithredwyr tacsis i newid eu cerbydau i drydan drwy gymorthdaliadau; fodd bynnag, ni ddyfarnwyd yr arian hyd yma gan mai'r bwriad yw y bydd unrhyw gymhelliant yn cael ei ddarparu ar lefel genedlaethol drwy un swyddogaeth cefn swyddfa. Cytunwyd y byddai'n ddefnyddiol siarad â Llywodraeth Cymru ymhellach ynghylch hyn.
